# LEXXARI ™

ASK LEXXARI

AI-Powered Policy Insight

LEXXARI is a secure, AI-powered document analysis platform built specifically for the property insurance industry. It reads, summarizes, compares, and extracts insights from policy documents so Agents and Brokers can make faster, smarter, and safer decisions

BENEFITS

- Save time reviewing policies and renewals
- Ensure consistent messaging across teams

- Understand the policy without confusing legal jargon
- Clear answers to coverage questions

- Empower clients with clear policy insight
- Clear summary of what is covered & what is not
- Ability to compare policies

- Speed up claims evaluations
- Reduce no-pay claims & time spent on claims that do not have coverage

- Extract key data without manual review
- Access secure summaries for collaboration

CAPABILITIES

- Standard Policy Summarization
- Highlights key clauses & terms
- Clean & consistent format
- Desktop & mobile ready
- Designed for insurance workflows
- AI assistant - Ask & Answer specific questions
- Policy comparison

HOW IT WORKS

- Visit Lexxari.com
- Upload the policy PDF
- Choose the format you wish to view
- Review Lexxari Smart Sheet
- Ask Lexxari any questions
- Save or download

Unlike general-purpose AI, Lexxari is built with legal integrity and security in mind.

Your documents deserve more than just AI—they deserve protection.
